

kelly **CASTING WORKSHOP**

Back by popular demand!

For two days only - **A DAY WITH THE DIRECTOR WORKSHOP**

As an actor, we rarely get any feedback from our auditions and we especially never get the chance to get feedback from the decision makers - the directors!

On March 9 and March 10 we will be having two full day on-camera workshops with Spots Films director, Peter Siaggas (bio below). Peter will give us a rare insight into what directors look for as well as how you can personally improve your auditions. This workshop is for the advanced actor who is auditioning on a regular basis.
